

Combined term example

Eddy enrolls in the program that Hart University offers in both 15-week semesters and 8-week terms. Hart has combined two 8-week terms with each semester; each of the combined terms provides 16 weeks of instructional time:

Hart continues to define the academic year for Eddy's program as 24 semester hours and 30 weeks of instructional time, as it did before adding the 8-week terms. In addition, because the combined terms can still be considered semesters, the requirement for full-time enrollment in each term is 12 semester hours.

In the first term, Eddy enrolls for 4 semester hours in the 15-week component of the term and 3 semester hours in each of the 8-week components. Therefore, he is enrolled for a total of 10 semester hours in the first term, and his enrollment status is three-quarter time. In the second term, he enrolls for 12 semester hours in the 15-week component, and no hours in either of the 8-week components. Because he is enrolled for 12 semester hours total in this second term, his enrollment status for the second term is full time.
